**A WORK OF GREAT VALUE.**IN THREE VOLUMES.  
POLITICAL HISTORY  
OF THE  
REBELLION,BY  
EDWARD MCILROY,  
CLERK OF THE HOUSE OF REPRESENTATIVES OF THE  
UNITED STATES.

Presenting a complete and impartial Record of the momentous Political Events of the last four years, carefully compiled, arranged and indexed.

The Washington Chronicle of the 18th June says of it:

Mr. McIlroy is singularly qualified to compile and edit such a work. He has been identified with the public press, and served as a member of the House of Representatives. He is, therefore, well acquainted with the most important of the events, but with the great greatnesses that have disturbed the nation, especially since the events preceding the repeal of the Missouri Compromise, and beginning with the Administration of James Buchanan. From a view that we have had of a portion of the sheets of this interesting and important work, we can say to our political friends, and to all who are anxious to learn of the history of the rebellion, that it is a well digested and arranged book on this subject that has yet been produced in this country.

## STEINWAY &amp; SONS' GOLD MEDAL GRAND AND SQUARE PIANOS now come direct from the factory, well in time for the summer, having the first Prize Medal at the World's Exposition in London, 1862.

The principal reason why the Steinway Pianos are superior to all others, is that the firm is composed of five practical piano-makers (father and four sons), who invent all their own improvements, and who are the only ones in the world to guarantee that the instruments they manufacture are the same thing. This is not true. The experiences of our Cabinet Organs, which have given them their high reputation, are the result not merely of the superiority of their workmanship, but also in the invention of various improvements, contrivances, and devices, which no other maker can imitate or overtake. From these arise their better quality and volume of tone and unrivaled capacity for expression. Warehouses in New-York, 51 Mercer-st.
